

# OWNER-OPERATOR TRUCK LEASING

OTR Leasing is one of the country's largest buyers of late model used semi-trucks. We are always in the market working with large trucking fleets and distributors to find the highest quality, lowest cost, late model semi-trucks. Our scale buying power helps us to get the best deal available in the market and pass those savings on to owner-operators in the form of low monthly payments.

## OWN YOUR OWN SEMI-TRUCK

### QUALITY

OTR works diligently to find just the right truck to assure you stay on the road, not in the shop. In addition to finding you the right truck, we also put each truck through a 150-point DOT inspection.

### SUPPORT

OTR equips each truck with a 6-Month | 50,000 Mile Aftermarket Warranty at a minimum. On certain trucks, greater warranties are available. We also provide you with industry leading programs like our Maintenance Benefit Savings Program to help you save up for those unplanned repairs. On top of that, we include access to Driver's Roadside Service for 24 hour on-call emergency help and guidance to reputable shops.

### SUCCESS

OTR Leasing is unique in the industry because we consider ourselves your partner in business. We're not here to just lease you a truck; we're here to support your success as an owner-operator. Along with OTR Leasing's industry leading support programs, and helping you to stay ahead of the carriers, we are also always looking for the best shops and best deals on fuel and tires to share with you. When you win, we win.
